Dear Sirs:-

Mrs. St. Gaudens has requested us to have either moulds or reproductions of some kind or other made of the two gold medals she has deposited here awarded to Mr. St. Gaudens. These she wants for her museum. I have just written to her that probably the best thing would be to have electrotypes made of each side and gilded, then she can show both sides at the same time. One of these is three and a half (3½) inches and the other is two and a quarter (2¼) inches. Could you let us know what the electrotypes would cost, and if you would see this job done for us in case she wants it done.

Very truly,

Curator.

Dear Mr. Trees:-

Awhile ago, one of our members in Paris wrote us that he had received a silver Foch Medal, #80, badly dented, and we asked him to send the medal back to us. We have just received it, and are sending it to you under separate cover, together with the Cleveland Plaque mentioned in the letter under today's date.

Please have another silver Foch medal struck to replace the one we are returning to you, and, if you so desire you may number it 80.

When it is ready for delivery, kindly send it to

M. André Sallee,
23 rue Vaneau,
Paris, VII, France.

About a year ago we asked you to send a copy of our Foch medal to The Free Public Library of Newark, New Jersey. The number allotted to them was 122, bronze.

Upon sending them a third bill for the amount of this medal, they now inform us that they have never received the medal. Will you kindly look into this matter, and advise me as soon as convenient.

Dear Mr. Wood:-

We have your letter of the 10th relative to a shipment of a Foch medal to the Free Public Library of Newark. We regret that this matter has gone so long as we belive that it will be impossible for us to collect from our Insurance Company for the loss of it as they naturally do not hold themselves responsible for non delivery of the package as long as a year.

It is also going to be hard for the Post Office to trace the delivery of this shipment so long ago. We however will be glad to file a trace cl aim as well as a clain with our Insurance Company if you will give us the exact date that you wished us to ship this medal. You can probably tell from your records the date you received the order and we can look near that date on our own shipping records for the shipment. Upon receipt of this advice we will be pleased to look into it further.

Very truly yours,

Dear Mr. Trees:-

Your letter of November 15th at hand, and below is the information requested regarding the Pooh medal ordered by the Free Public Library of Newark:-

We received their order Nov.28th, 1921.

We wrote you asking you to strike up Bronze Medals, Nos. 101 to 125 inclusive on November 28th, 1921.

We sent you labels covering shipment of Bronze Medals, up to No. 125, which would include the one sent to the above mentioned Library, on December 2nd, 1921.

Please feel that we do not want you to take too much trouble in trying to get this refund as we realize that a year has elapsed since the sending of this package, and it will be hard for the Post Office authorities to trace it.

We are herewith sending down the badge that we wish the reverse side, that is, the one with the gate, smoothed off, and the following engraved on it:-

OFFICIAL REPRESENTATIVE BRUSSELS 1923 around the edge, and VICTOR TOURNEUR across the medal.

If it is impossible to get in VICTOR TOURNEUR, then you could put in V. TOURNEUR, but we would prefer the former.

The letters could be somewhat in the style of the letters on the obverse.

The medal has got to be sent off to Belgium as soon as possible, Therefore we would appreciate your having this done as soon as you can.

Gentlemen:

Can you give us an approximate price on striking some more of our rectangular Lincoln plaques made by Reinz. It measures approximately 3 inches by four inches. What would the cost be of ten in silver, and multiples of ten; 25 in bronze, and multiples of twenty-five.

Also, we are contemplating having some more of the silver badges struck, like the one of which you recently smoothed the back and engraved for us. What would be the cost of 25 of these in silver, mounted on pins the same as before but with the reverse plain? Also, please advise cost per letter to engrave the back.

Dear Mr. Wood:-

Referring to your letter of the 23rd we are pleased to advise that we can furnish the Lincoln plaquettes in fine silver at $9.50 each and in bronze at $3.50 each. We do not carry stock boxes this size and therefore would deliver them individually wrapped in tissue unless you otherwise instructed. This same price would maintain unless the quantities increased materially.

Relative to the silver badges we have to advise that it will be necessary for us to make a cutting tool for the oak leaf on the top for which we would have to make a charge of from $12. to $15. We could then make the silver replicas complete in lots of twenty-five in silver at $1.65 each. We would not however be able to furnish exactly the same pin as is now attached to this badge. We would attach the regulation nickle silver joint and bar with safety catch.

We do not have a box in stock that would exactly fit this silver badge but could probably supply something near enough the size and shape that it would be practical for packing them in.

If there is any quantity of engraving that you want on these badges and it is not a large size letter we could do that work at five cents per letter.

The above prices of course are made with the understanding that you have the dies from which these replicas can be struck.

May 15th, 1928.

Roger Noble Burnham, Esq.,
3516 W. 3rd Street,
Los Angeles, Cal.

Dear Mr. Burnham:

For a number of years, the Medallic Art Company have offered to strike for our museum collection, specimens of the medals which have been issued by them, providing we can obtain permission either from the artist, or the organization responsible for the medal. We should particularly like to have a copy of the medal designed by you for the Riley Portrait medal, also for the Eisteddfod Los Angeles medal. If you do not feel that you can authorize the striking of these specimens, will you kindly refer me to the individuals who would have authority to grant this request.

Trusting that we may count on your cooperation, I beg to subscribe myself,

Very truly yours,

Curator.

We received awhile ago a medal you had made, by Mahonri Young, bearing the portrait, I think, of Austin Strong. The color and the finish of this medal I liked very much and I was wondering if you could finish six of the bronze medals like this. They will be No. 4, 5, 6, 7, 8 and 9 of the series. Let me know if this could be done for I would appreciate it very much.

Mr. Howland Wood, Curator,
The American Numismatic Society,
Broadway and 155th Street,
New York, N. Y.

Dear Mr. Wood:

We have received the model of your portrait from Mr. Swanson. This came in prior to receipt of your letter. We surely wish to congratulate you. It is an excellent likeness and an excellent piece of sculpture and should make a fine medal. I really think it is one of the best things Mr. Swanson has ever done, if not the best.

The medal you refer to by Mahonri Young was made for the Century Club. We know the color you speak of and will follow your wishes in this respect and also number the medals as you indicate. They can all be made this way if you wish.

We have received no order to go ahead with these dies and medals. Is this to come from you? I presume it will be the usual club size to go with the reverse die. Of course, we should have some definite instruction so the order may be properly entered. We should also know the quantity of medals desired. I do not recall these medals having been numbered before but in this I may be mistaken. This medal, especially, we surely want to do just right.

Later on, when we are not busy, we will make a galvano of the original size for you and Mrs. Wood.

With every good wish to you both,

Very sincerely yours,

Dear Mr. Trees:

The order for the Club medal should come to you any time from Mr. F. O. C. Boyd. I think myself that Mr. Swanson did a fine piece of work. I,myself, have no authority to say that all of the bronze medals should be made in the color that was used for Mahonri Young's medal. I beg to thank you also for your offer to make later on a galvano of the original size and I know that Mrs. Wood would appreciate it.

Gentlemen:

Permit me to acknowledge receipt of the collection of medals which reached our hands. This includes four from Dr. R. Tait McKenzie and two silver cliches of De Francisci's. Doubtless you do not need to be told that we are very glad to have these recent productions of our American artists but there is some satisfaction in putting on record our appreciation of your continued interest in keeping our collection up to date and the generosity of your firm in doing this without cost to our Society. In consequence it is a pleasure to say thank you, formally.

I avail myself of this opportunity to respond to your card query concerning the Huntington medals. The next award of this will take place at the beginning of next year. As the medal is struck in silver it seems to me there is enough prospect of a drop in the price of this commodity to make it desirable to wait until the first of October before striking an additional five copies. If you have good reason for thinking this opinion is unsound I should be glad to have you communicate with me.

Cordially yours,

SN:JG
